## WORK EXPERIENCE

---

### **KVSC**

2019–2021

Broadcast on live radio utilizing high performance sound capturing technologies, providing a quality listening experience for an audience of thousands of people. Sound designed and advertised in prerecorded commercials using Adobe Auditions and studio-quality microphones, resulting in compelling and meaningful broadcasted messages delivered to St. Cloud and Minneapolis listeners.

### **University Chronicle Reporter**

2020–2021

Interviewed individuals for local news and wrote stories in University Chronical using over 14 years of writing experience and precise editing, resulting in quality newspaper articles delivered on time without fail.

### **RHR Information Services**

May 24th 2021—June 28th 2021

Apartments would come to us asking for further information about the people trying to move into them. The apartments were our clients, and we were responsible for checking peoples' criminal backgrounds.

We'd filter through the information that our clients did and didn't want to see, and then present the information to the apartment complexes. It would be up to them whether or not they'd decide to let those people live in their complex.
